# POOL RULES

- No flotation devices other than coast guard approved lifejackets
- No running, pushing, shoving, rough play, or putting kids on shoulders
- No diving or entering the water head-first
- Parents need to be in the water with children under the age of 7 (1 adult for every 3 kids)
- Inform kids that the pool gets deeper as they head towards the big lifeguard chair
- If the lily pads are open and the kids want to use them or the area along the back wall by the hot tub, they must pass the swim test. The swim test is treading water in the deep end for 30 seconds and then swimming front crawl, preferably with their face in the water to the other end.
- We ask that kids do not stand on the spray jets in the splash pad or climb on any of the spray features in the splash pad area
- We encourage everyone to shower before entering the pool
- No street shoes on the pool deck
